

Rickman 21st Century After-School Program..

The 21st Century After-School Program supports the creation of community learning centers that provide academic enrichment opportunities during non-school hours for children who attend high poverty or low performing schools. The program helps students meet state and local student standards in core academic subjects, such as reading and math; offer students a broad array of enrichment activities that compliment their regular academic programs; and offers literacy and other educational services to the families of participating students.

The 21st Century After-School Program is sponsored by Overton County Schools and funded through a grant from the US Department of Education and distributed through the State Department of Education.

Important Dates:

June 1-11 After-School Summer School (8:00-2:00)

Reminders:

*The After-School bus will run Monday-Friday through the rest of the school year.

*Don't forget that each morning from 6:30-7:30 your child can go to the PLATO LAB to work on math or language art skills.

*If you have any questions or concerns, please contact Kelly Pendergrass or Rebekah Sims at 498-2825
